

Sandy Bottom Nature Adoption

Sponsoring a “wild child” animal at Sandy Bottom Nature Park is a great way to learn about wildlife while helping them with their daily needs. Just simply choose a price level and an animal to adopt. Sponsors will receive a photo, a Nature Adoption certificate, information on the species, and a history of Sandy Bottom Nature Park. All the money goes to the care and housing of the animals. It is good for one year from the day you register. This makes a great gift for family, friends and yourself. These animals are live specimens and are subject to the same frailties as humans. Thank you in advance for your kindness and support. The animals, staff and Friends of Sandy Bottom greatly appreciate your help. Please remember that all the animals remain in the care and custody of Sandy Bottom Nature Park and sponsoring an animal confers no ownership rights.

Sandy Bottom Natureoption Registration Form

Purchaser:

Name: _____

Address: _____

Telephone: _____

Animal chosen:

Gift Recipient:
