**Old business from previous meeting.**

Participants were advised of the status of the Hampton City Website and the updates that will be reflected on the website to include the Reentry Councils Minutes from each meeting and a link to connect to future meetings. The website would reflect a resources guide for the citizen of Hampton to view once the council develops the document.

**New business that was discussed during this business**

We reviewed the Reentry Council Mission and goals that are currently reflected on the City of Hampton's website. During this meeting we discussed the areas to establish the resources guide for the City of Hampton's websites. We identified 7 key areas to work on and established work groups with the participants. The works groups consisted of Housing, Education, Employment, Veteran Services, Social Actions/Justice, Youth Services and Resources. It was suggested that the works groups would meet during the month the Reentry Council is not scheduled to meet. In July the work groups will report out on each assigned resource guide and provide copy of guide to Ms. Banks and Ms. Edwards to be uploaded to the website by the Hampton webmaster.
