Definitions

For the purpose of interpreting these regulations the following definitions shall apply:

Park: shall refer to any property or facilities owned leased maintained by the City of Hampton. This is to include all school grounds maintained by the Hampton Parks, Recreation and Leisure Services Department.

Express Permission: shall refer to a special allowance granted by the Director or his/her designee on a case by case basis to conduct a specific behavior or activity in exception to these regulations.

General Provisions

Hampton Parks, Recreation and Leisure Services Department is a standard of pride for the City Council and city management because of the excellent service provided to citizens. Our employees are the most knowledgeable and innovative work force in Hampton Roads and stand with equal distinction along with the best of our sister cities in this region. The staff is empowered with clear and consistent policies that enable making the right decisions in every circumstance. We are well equipped and maintain the best facilities affordable. Our leadership, managers, and supervisors are skilled and go to extraordinary lengths to develop those in their charge to perform the tasks expected of a prized workforce.

The City of Hampton has been charged with the operation and maintenance of parks.

If any of these regulations or the application thereof to any person or circumstances, is held invalid, the remainder of the regulations and the application of such provision to other persons or circumstances shall remain in full force and effect.

28. Geocaching / Letterboxing Policies

Geocaching, also known as GPS Stash Hunting or GeoStash, involves “hiding” items, usually containers holding various “treasures” and then providing specific Global Positioning Satellite (GPS) coordinates for each “cache” on a website. Visitors to these websites can choose which “cache” they would like to locate using their own personal GPS. Cache searchers typically bring along their own “treasures” and make an exchange once the cache has been located.

Letterboxing, at its basic, is like a treasure hunt type game. Small boxes are hidden in various locations—usually outdoors, though many are planted indoors as well—and the creator of the box will release clues so others can go out and find them later. The box is expected to have a logbook that finders can log into and a unique stamp, usually hand carved, that the finder can stamp into their own personal logbook as a record of all the letterboxes they've found. Most letterboxers have a unique stamp to represent themselves, called a signature stamp, which they stamp into the logbooks found inside letterboxes.

I. CACHE / LETTERBOXING PERMITS:

- A. Placement of a cache / letterbox on City of Hampton Parks, Recreation and Leisure Services property must be secured with a permit.
- B. The person applying for a permit must provide a valid address, telephone number, email address, and website address on which the cache / letterbox will be posted.
- C. The exact location of the cache / letterbox must be pre-approved by the City of Hampton Parks, Recreation and Leisure Services Director or his/her designee whose main concern will be public safety and the prevention of undesirable impacts to natural and cultural resources.
- D. The exact cache / letterbox location, including GPS coordinates, must be stated on the permit. A map with location indicated and picture of cache needs to be included. A marker where the cache will be located needs to be placed and removed once cache is placed.

- E. All permits are good from date of issue until DECEMBER 31 of the year of issue. After that date, the cache / letterbox must be removed or a new permit must be issued. Permits may be renewed within ten days of expiration.

NOTE: If, during the one (1) year effective period of a permit, a permit holder wants to change the location of the cache / letterbox, a new permit must be issued and the effective permit cancelled.

- F. Upon expiration of a permit, the permit holder is responsible for removing the cache and for removing the cache / letterbox location from all the websites and any information source.
- G. If the permit holder fails to remove the cache / letterbox, it will be removed by the park staff and held for (10) days, after which staff will dispose of the cache / letterbox and all of its contents. Confiscation and disposal by park staff will be recorded on the permit.
- H. Sandy Bottom Nature Park and Grandview Wildlife Preserve will only be issued (10) caches and (2) letterbox permits for each facility. All other parks in the City of Hampton will be allowed caches / letterboxes as long as they are at least 20 miles apart from each other. If a permit is not held by the Hampton Parks, Recreation and Leisure Services staff, the cache / letterbox will be removed from Hampton Parks, Recreation and Leisure Services property. The park staff will notify the cache hider and hold the cache for (10) days for individual to pick up, after which staff will dispose of the cache / letterbox and all of its contents. Confiscation and disposal by park staff will be recorded on the permit.

II. CACHE / LETTERBOX CONTAINERS AND CONTENTS

- A. Cache / letterbox containers must be non-breakable and have some form of latch or other closing mechanism to prohibit content exposure to wildlife.
- B. Cache / letterbox may not contain inappropriate or dangerous items. Such items include, but are not limited to, food, medications, alcohol, personal/hygiene products, pornography, weapons of any type, etc. Logbooks are required in all Geocaches in Hampton Parks.
- C. All Caches / letterbox are subject to random inspections by park staff. Parks staff has the authority to immediately remove any item held in a cache / letterbox deemed unacceptable. **Parks Staff also has the right to remove a cache / letterbox for any reason.**
- D. Caches / letterbox can not be locked they must be accessible at anytime.
- E. Cache / letterbox must have information posted on the outside of the container identifying it as a cache / letterbox and must also have the owners information posted on it.

III. CACHE / LETTERBOX LOCATIONS:

- A. Physical caches / letterboxes are prohibited in any facility or structure located in a city park.
- B. The location of a cache / letterbox must be pre-approved by the Hampton Parks, Recreation and Leisure Services staff.

- C. Caches/ letterboxes may not be placed in dangerous, inappropriate areas habitats, underground, underwater, or in trees.
- D. Metal detectors may not be used in cache / letterbox searches.
- E. All caches located in the back of Sandy Bottom off the trails will be required to have posted a warning to stay on the trail due to Canebrake Rattlesnakes.

IV. COMPLIANCE:

- A. Failure to comply with park guidelines will result in the revocation of effective geocaching/ letterboxing permits. Continued failure to comply with these guidelines will prevent the issuances of any further geocaching / letterboxing permits to the non-compliant group or individual.
- B. If geocaching / letterboxing activities as a whole are found to have a negative impact on the park resources, or if safety becomes an issue in geocaching / letterboxing searches, then the park director may ban geocaching / letterboxing from certain areas or from entire park.
- C. Parks Staff has the right to remove a cache / letterbox from park property for any reason.
