I. BACKGROUND

Hampton, Virginia

Hampton is an independent city located in Virginia. It is on the southern end of the Virginia Peninsula, bordering the Chesapeake Bay. The City has a total area of 136.2 miles; 51.8 miles of it is land and 84.4 miles of it is water, with a total population of 137,436.

The City boasts a strong military and technology presence. Langley Air Force Base is home of the First Fighter Wing. NASA Langley Research Center, where America's first astronauts were trained, is now a major center for aviation research. Large employers include companies such as Alcoa Howmet, Craft Machine Works, Measurement Specialists, Inc., Sprint, and Verizon Communications. The City is also home to multiple medical facilities including Riverside Regional Medical Center, Sentara Healthcare, and the Hampton Veteran's Administration Medical Center. Hampton offers multiple higher education opportunities including Hampton University, Thomas Nelson Community College, Old Dominion University's Peninsula Higher Education Center, and the National Institute of Aerospace. More information about business opportunities and growth in Hampton can be found in the Hampton Community Profile, which may be accessed via the following link:

<http://www.hampton.gov/498/Community-Profile>

The City is served by two airports. The primary airport for the Hampton Roads area is Norfolk International Airport, on the opposite side of Hampton Roads in Norfolk. The region's secondary airport, Newport News/Williamsburg International Airport, is located on the Virginia Peninsula in Newport News.

Hampton is part of a dynamic metropolitan region. Besides Hampton, the region contains four other cities with populations greater than 100,000. Hampton Roads now has a population of more than 1.7 million and is the 37th largest MSA in the nation. Its effective buying power (EBI) according to Sales, Marketing and Management is more than \$20.8 billion.

Demographically, Hampton is in many ways typical of metropolitan America. Within its boundaries it contains an urban core, a ring of older, settled neighborhoods and newer suburban development. Its citizens' age, educational, occupational and socio-economic characteristics by and large reflect the typical American demographic profile. The City's demographic data may be accessed by the hyperlink: <http://hampton.gov/90/Demographics>.

in connection with this Contract or the performance or failure to perform any work required by this Contract. Contractor agrees to indemnify and hold harmless the City and its agents, volunteers, servants, employees and officials from and against any and all claims, losses, or expenses, including reasonable attorney's fees and litigation expenses suffered by any indemnified party or entity as the result of claims or suits due to, arising out of or in connection with (a) any and all such damages, real or alleged, (b) the violation of any law applicable to this Contract, and (c) the performance of the work by Contractor or those for whom Contractor is legally liable. Upon written demand by the City, Contractor shall assume and defend at Contractor's sole expense any and all such suits or defense of claims made against the City, its agents, volunteers, servants, employees or officials.

I. Warranty/Guarantee. Contractor guarantees against defective or faulty material or workmanship for at least on (1) year or for the manufacturer's standard warranty period, whichever is greater, from date of acceptance by the City. To furnish adequate protection from damage for all work and to repair damages of any kind for which Contractor or Contractor's workmen are responsible, to the building or equipment, to Contractor's own work, or to the work of others. Any merchandise or service provided under the Contract which is, or becomes, defective during the warranty period, shall be replaced by the Contractor free of charge with the specific understanding that all replacements shall carry the same guarantee as the original equipment or service (one year or manufacturer's standard warranty period, whichever is greater, from the date of acceptance of the replacement). Contractor shall make any such replacement immediately upon receiving notice from the City.

J. Unauthorized Disclosure of Information.

1. Contractor shall assume the entire responsibility and liability for any and all damages caused by or resulting from or arising out of the negligent or willful unauthorized disclosure of confidential information on the part of the Contractor, its subcontractors, agents or employees under or in connection with the Contract. The Contractor shall save harmless and indemnify the City of Hampton and its agents, volunteers, servants, employees and officers from and against any and all claims, losses or expenses, including but not limited to attorney's fees, which either or both of them may suffer, pay or incur as the result of claims or suits due to, arising out of or in connection with, any and all such unauthorized disclosures, real or alleged. The Contractor shall, upon written demand by the City of Hampton, assume and defend, at the Contractor's sole expense, any and all such suits or defense of claims alleging unauthorized disclosures of confidential information.
2. Any negligent or willful unauthorized disclosure of confidential information on the part of the Contractor, its subcontractors, agents or employees under or in connection with the Contract shall constitute a breach of the terms of the Contract. The City may proceed by appropriate court action, including seeking injunctive relief, to prevent continuing unauthorized disclosures, and Contractor shall save harmless and indemnify the City for court costs, litigation expenses and attorney's fees that it may pay or incur as the result of seeking to prevent or stop and any and all unauthorized disclosures of confidential information.

III. Payment to Contractor

A. City Payment to Contractor

1. City agrees to make payments under the Contract within thirty (30) days after receipt of a correct invoice, pursuant to Section III.B below, for such payment. Where payment is made by mail, the day of postmark shall be deemed the date of payment. Any amounts due to the City by Contractor under the terms of this or any other Contract may be applied against Contractor's invoices with documentation for the basis of the adjustment attached.
2. In no event shall any interest penalty or late fee accrue when payment is delayed because of disagreement between the City and Contractor regarding the quantity, quality, time of delivery, or other noncompliance

with these Contract requirements for any product or service or the accuracy or correctness of any invoice. Payment terms offering a “prompt payment discount” of twenty (20) days or greater will be considered in the evaluation of Bids. All other payment terms shall be net thirty (30) calendar days or greater. Payment terms not specified by Contractor shall be net forty-five (45) days.

Contractor acknowledges and agrees that it is not entitled to any compensation in excess of the value of the work performed that has been approved by the City. Contractors and subcontractors are not entitled to anticipatory or unearned profits, unabsorbed overhead, opportunity costs, or consequential or other damages as a result of amendment or termination of the Contract.

B. Contractor Invoices. Contractor shall submit to the City all invoices promptly upon completion of the requirements for installation, delivery, and acceptance of the products and services required under the Contract. Invoices shall not include any costs other than those identified in the executed City Purchase Order awarding the Contract or any subsequent Change Orders issued by the Consolidated Procurement Division. All shipping costs are the Contractor’s responsibility, except to the extent such charges are identified in the executed City Purchase Order or Change Orders. Contractor’s invoices shall provide at a minimum:

1. Type and description of the product or service installed, delivered and accepted
2. Serial numbers, if any
3. Quantity delivered
4. Charge for each item
5. Extended total (unit cost x quantity)
6. This ITB number and the City Purchase Order number

C. Reimbursable Expenses and Accounting Records

1. Reimbursable expenses shall not include incidental expenses such as supplies, utilities, licensing fees, bond fees, and other fees which are normally included in overhead costs.
2. Expenses that are not normally part of III.C.1 and that directly relate to the scope of this Project may be reimbursed upon prior approval by the City. Examples of such expenses include, but are not limited to, reasonable travel, lodging, specifications and drawing reproduction beyond first two sets, and overtime that is authorized by the City.
3. Records of reimbursable expenses and expenses accrued as a result of additional services on the Project on the basis of a Multiple of Direct Personnel Expense shall be kept on a generally recognized accounting basis and shall be available to the City or his authorized representative at mutually convenient times.
4. Payment for reimbursable expenses shall be at cost, due monthly upon presentation of an invoice to the City. The City reserves the right to request proof of the expense before payment and reserves the right to refuse to pay any expense that was not previously approved by the City.

D. Claims for Extra Compensation.

1. If Contractor encounters work and services not included in the Contract or any supplement, but which, in the opinion of Contractor, is necessary for the successful completion of the Contract and requires extra compensation, Contractor shall, before it begins the work on which it bases its claim, promptly notify the City in writing of its intention to perform the work and to make a claim for extra compensation. Notification by Contractor under the terms of this paragraph shall not be construed as proving the validity of the claim or City’s approval of the claim. **No claim for extra compensation will be filed or considered unless notification is given as herein set forth.**
 - i. The amounts claimed as extra compensation by Contractor shall be separately itemized, become a part of the claim, and serve as documentation of the claim.
 - ii. Itemized amounts shall be described in sufficient detail to enable the City to analyze the need for the extra work and the costs claimed for the work.

- iii. Contractor shall not itemize any overhead costs in its claim for extra compensation if those overhead costs were not itemized in Contractor's original bid for the work to be completed under the Contract.
 - iv. If Contractor intends to claim the costs (other than attorney's fees) of preparing a claim for extra compensation, Contractor shall maintain these costs in a separate account, clearly coded and identified, in preparing the claim and these costs shall be subject to audit by the City.
2. Upon notification the City will promptly review any claim for extra compensation. If a claim is accepted by the city, it will be paid as extra work in accordance with the terms of a supplemental agreement executed by the parties before such work is begun.
 3. **NOTE: Pursuant to the provisions of Virginia Code §2.2-4309, a public contract may include provisions for modification during performance, but no fixed-price contract may be increased by more than twenty-five percent (25%) of the amount of the contract or \$50,000, whichever is greater, without the advance written approval of the Hampton City Council.**

IV. Dispute Resolution

A. Procedure for Consideration of Contractual Claims

1. Prompt knowledge by the City of an existing or impending claim for damages or other relief may alter the plans, scheduling, or other action of City and /or result in mitigation or elimination of the effects of the claim. Therefore, Contractor shall provide City with written notice of Contractor's intention to file a claim which:
 - i. Describes the act or omission by City or its agents that contractor contends caused the damages or entitles it to other relief; and
 - ii. Provides a description of the nature and amount of the claim.
2. Contractor's written statement providing notice of the claim shall be submitted to city within twenty (20) days of the time of the occurrence or beginning of the work upon which the claim is based; provided, however, if such damage is deemed certain in the opinion of Contractor to result from its acting on an order from City, it shall immediately take written exception to the order. For purposes of this section, "claim" shall include, without limitation, any request for an increase in the Contract price or time and any request for equitable adjustment.
3. Submission of a notice of claim in compliance with the requirements described above shall be mandatory, and failure to submit a claim notice that complies with the requirements above shall be a conclusive waiver to such claim for damages or other relief by Contractor. Oral notice and untimely notice will be insufficient to satisfy the requirements stated in this section.
4. The City will review the claim and provide Contractor with a written decision thirty (30) days after its receipt of the claim. Contractor may not institute legal action prior to receiving the final decision of the City.

B. Final Decision. The final decision of the City shall be considered final and conclusive unless Contractor appeals the decision within three (3) months of the final decision or the due date of the final decision by instituting legal action.

C. No Cessation of Performance. Nothing in this section shall be construed to authorize or permit the Contractor to cease performance of the Contract while utilizing the dispute resolution procedures outlined in this section or any other dispute resolution procedures available to Contractor. Pendency of claims shall not delay payment of amounts agreed due in final payment.

V. Breach of Contract. Contractor shall be deemed in breach of the Contract if the Contractor:

- A. Fails to Comply with any terms or conditions of the Contract;

- B. Fails to cure such noncompliance within ten (10) calendar days from the date of the City's written notice or such other time frame specified by the City Contract Administrator in the notice; or
- C. Fails to submit a written response to the City's notification of noncompliance within ten (10) calendar days after the date of the City notice.

VI. Notice of Defect. In the event of a defect or impropriety in an invoice or in the goods or services provided to City by Contractor or a subcontractor, City shall notify the Contractor of the defect or impropriety if the defect or impropriety would prevent payment by the payment date. The notice shall be sent by the City fifteen (15) days after receipt of the improper invoice or defective goods or services.

VII. Non-Performance

- A. Failure to Deliver.** The City reserves the right to procure goods and/or services to be provided under the Contract from other sources in the event Contractor fails to deliver such goods and/or service deliverables in accordance with delivery dates and time frames set forth in the Contract.
- B. Unacceptable Deliveries or Performance (Rejections).** Upon notification by the City that goods and/or service deliverables provided by the Contractor under the Contract are damaged and/or not of the quality specified by the City, such goods and/or service deliverables will be rejected. Upon such notification, Contractor shall:
 - 1. Replace such rejected goods and/or service deliverables immediately or within a reasonable time as determined by the City.
 - 2. Remove all rejected materials, equipment or supplies from the premises of the City within ten (10) days of notification. Rejected goods and/or service deliverables not removed from the City's premises within ten (10) days will be regarded as abandoned, shall become the property of the City, and the City shall have the right to dispose of such items.
- C. Alternative Goods and Services.** In the case of default by Contractor for failure to deliver or perform in accordance with the Contract specification or terms and conditions, the City may procure goods or services from other sources and hold Contractor liable for reasonable costs of completion directly attributable to Contractor's failure to perform. Contractor's liability shall include, but not be limited to:
 - 1. Damages and other delay costs, to include costs to procure goods/services from alternate suppliers.
 - 2. Increased cost of performance, such as extended overhead and increased performance costs resulting from performance delays caused by Contractor and/or rejections of Contractor's goods and/or service deliverables.
 - 3. Warranty and rework costs, liability to third party, excess costs, attorney's fees and related costs incurred by the City due to non-responsive performance of Contractor.

VIII. Termination of Contract

A. Without Cause

- 1. The City may at any time, and for any reason, terminate the Contract by written notice to Contractor specifying the termination date, which shall be not less than fifteen (15) days from the date such notice is mailed. Notice shall be given to Contractor by certified mail/return receipt requested at the address set forth in Article I of the Contract.
- 2. In the event of such termination, Contractor shall be paid the work satisfactorily completed or partially completed, and accepted by the City, at the time of termination.
- 3. Upon receiving the notice of termination, Contractor shall withdraw its personnel and equipment, if any, cease performance of any further work under the Contract, and turn over to the City any work completed or in process for which City has paid.

B. With Cause

1. In the event that Contractor breaches any term of the Contract, the City may provide written notice of such breach to Contractor by certified mail/return receipt requested at the address set forth in Contractor's Bid or in Section 1 of the Contract.
2. Unless otherwise provided, Contractor shall have ten (10) days from the date such notice is mailed to cure the breach. Upon failure of Contractor to cure the breach, the City may immediately terminate the Contract as of the mailing date of the breach notice.
3. Upon termination, Contractor shall withdraw its personnel and equipment, if any, cease performance of any further work under the Contract, and turn over to the City any completed or partially completed work for which the City has paid.
4. In the event of violations of law, safety, or health standards and regulations, the Contract may be immediately cancelled and terminated by the City and provisions herein with respect to opportunity to cure default shall not be applicable.

C. Non-Appropriation

1. It is understood and agreed between the Parties hereto that the City shall be bound and obligated hereunder only to the extent that the funds shall have been appropriated and budgeted for the purpose of the Contract.
2. In the event funds are not appropriated and budgeted in any fiscal year for payments due under the Contract, the City shall notify Contractor of such occurrence in writing within thirty (30) days of non-appropriation, and the Contract shall terminate on the last day of the fiscal year for which (an) appropriation(s) (was) were received without penalty or expense to the City of any kind whatsoever.

IX. Audit/Ownership of Documents/Freedom of Information Act

- A. Audit.** The City shall have the right to audit all books and records (in whatever form they may be kept, whether written, electronic or other) relating or pertaining to the Contract (including any and all documents and other materials, in whatever form they may be kept, which support or underlie those books and records), kept by or under the control of Contractor, including, but not limited to those kept by Contractor, its employees, agents, assigns, successors and subcontractors. Contractor shall maintain such books and records, together with such supporting or underlying documents and materials, for the duration of the Contract and for at least three (3) years following the completion of the Contract, including any and all renewals thereof. The books and records, together with the supporting or underlying documents and materials shall be made available, upon request, to the City's employees, agents, representatives, Contractors or other designees, during normal business hours at Contractor's office or place of business in Hampton Virginia. In the event that no such location is available, then the books and records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location in Hampton chosen by the City.
- B. Ownership by City.** Ownership of all materials and documentation including the original drawings and the Plans and Specifications and copies of any calculations and analysis prepared pursuant to the Contract, shall belong exclusively to the City. Such materials and documentation, whether completed or not, shall be the property of the City whether the Work for which they are made is executed or not. The Contractor shall not use these materials on any other work or release any information about these materials without the express written consent of the City.
- C. Proprietary Information/Non-Disclosure.** Contractor is advised that the Virginia Public Procurement Act (Section 2.2-4342, Code of Virginia, 1950 as amended) shall govern public inspection of all documents submitted by Contractor. Contractor may invoke the protections of §2.2-4342 of the Code of Virginia to protect trade secrets, proprietary information, and other confidential information provided by the Contractor:

1. Invoke the protections of this Section *prior to, or upon submission of*, the data or other materials.
 2. Provide a statement that identifies the data or other materials to be protected and that states the reasons why protection is necessary.
 3. Submit proprietary or security information under separate cover in a sealed envelope clearly marked "PROPRIETARY".
 4. An all-inclusive statement that the entire bid is proprietary is unacceptable. A statement that Contractor's costs and/or bid pricing are to be protected is unacceptable. Contractor will be requested to remove any such statement(s) in order to be eligible for further consideration.
- D. The City reserves the right to submit such information to the City Attorney for concurrence of the Contractor's claim that it is in fact proprietary. Information submitted that does not meet the above requirements will be considered public information in accordance with the VFOIA.

X. Modification. The Contract may only be modified in a writing executed by authorized representatives of the City and the Contractor.

XI. Tax Exemption. The City is exempt from federal excise tax and from all State and local taxes. Contractor shall not include such taxes in any invoices under the Contract. Upon request, the City will furnish the Contractor with tax exemption certificates or the City tax exempt number. The City's exemption from taxation does not transfer to Contractor for Contractor's purchases for supplies or services required to complete the Contract.

XII. Miscellaneous.

- A. Non-Assignment.** Contractor shall not assign its rights and duties under the Contract without the prior written consent of the City.
- B. Applicable Law.** The Contract shall be deemed to be a Virginia contract and shall be governed as to all matters, whether of validity, interpretations, obligations, performance, or otherwise, exclusively by the laws of the Commonwealth of Virginia. Regardless of where actually delivered and accepted, the Contract shall be deemed to have been delivered and accepted by the parties in the Commonwealth of Virginia.
- C. Venue.** Any and all suits for any claims or for any and every breach or dispute arising out of the Contract shall be maintained in the appropriate court of competent jurisdiction in the City of Hampton, or, if applicable, in the United States District Court for the Eastern District of Virginia, Newport News Division.
- D. Extent of Contract.** The Contract represents the entire Contract between the City and the Contractor and supersedes all prior negotiations, representations, or contracts, either written or oral.
- E. Severability.** If any part, term, or provision of the Contract, shall be found by a court of competent jurisdiction to be legally invalid or unenforceable, then such provision or portion thereof, shall be performed in accordance with applicable laws. The invalidity or unenforceability of any provision or portion of any contract document shall not affect the validity or any other provision or portion of the Contract.
- F. Non-Exclusivity.** The City reserve the right to procure goods or services covered under the Contract from a third party when, in the City's sole discretion, it is deemed to be in the City's best interest.

Attachment B – Insurance Requirements

CITY OF HAMPTON, VIRGINIA INSTRUCTIONS AND INFORMATION FOR COMPLYING WITH CITY INSURANCE REQUIREMENTS

This information is to assist the Contractor with understanding the insurance requirements of the City of Hampton (City). Contractors are encouraged to share this information with insurance agents and brokers. **In all cases the ITB requirements override statements in this document section.**

1. **Agreement/Reference.** All evidence of insurance must identify the nature of your business with the City. Clearly show any assigned number of a bid, contract, lease, permit etc. or give the project name and the job site or street address to ensure that your insurance is properly assigned to the correct project. **It is important that you provide the types of coverage and minimum dollar amounts specified in the ITB document.** Failure to provide the requested amounts may lead to disqualification and increase processing time.
2. **When to Submit.** Normally no work may begin until the certificate of insurance (COI) with proper endorsement has been received. It is important that the certificate and endorsement be provided as early as practicable. For “As-needed” contracts, insurance need not be submitted until a specific job has been awarded. Design Professionals coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.
3. **Acceptable Evidence and Approval.** Proof of insurance is normally provided on an industry form known as the ACORD Certificate of Insurance. Insurance industry certificates other than the ACORD may be accepted after review. In addition to the ACORD form, an Insured Endorsement naming the City as an additional insured that has been completed by your insurance company or its designee must be attached to the COI. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the City is an automatic or blanket additional insured and the substantiating endorsement must be attached. Attaching the section of the insurance policy covering contractual additional insureds may be used until the actual endorsement is received.

All evidence of insurance must be authorized for the insurance provider by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.

Acceptable alternatives to **ACORD Certificates and other Insurance Certificates:**

- A. A copy of the **full insurance policy**
- B. **Binders and Cover Notes** are also acceptable as interim evidence for up to 90 days from date of approval
- C. **Self-Insured** contractors or vendors must submit for review to the Risk Manager documentation of its financial ability to self-insure for each coverage required. (see paragraph 6 below)

Additional Insured Endorsements DO NOT apply to the following:

- A. Indication of compliance with statute, such as Workers’ Compensation Law
- B. Professional Liability insurance

4. **Renewal.** Upon renewal of any insurance policy, it is the responsibility of the contractor to provide the updated ACORD Certificate of Insurance or other acceptable documentation to the City. If your policy number changes you must also submit a new Additional Insured Endorsement with an Insurance Industry Certificate.
5. **Cancellation.** The contractor/vendor must inform the City thirty (30) days before insurance is cancelled or not renewed. The requirement for the insurance company to inform the additional insureds is not enforceable. Failure to inform must be considered a substantive violation of the contract and could result in the contract being cancelled.

6. **Alternative Programs/Self-Insurance.** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the City Risk Manager has reviewed the relevant documents. Any contractor or vendor that wishes to satisfy insurance requirements as a self-insured party must receive permission from the Risk Manager by submitting a request to the Risk Management Department.
7. **General Liability.** General liability insurance covering your operations (and products, where applicable) is required whenever the City is at risk of:
 - A. **Third party claims** which may arise out of your work or your presence or special event on City premises.
 - B. **Sexual misconduct claims coverage** is a required coverage when the work performed involves minors.
 - C. **Fire legal liability** insurance is required for persons occupying a portion of City premises.
8. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your contract or when they are driven off-road on City premises. It is not required for simple commuting unless the City is paying mileage. However, compliance with Virginia law requiring automobile liability insurance is a contractual requirement.
9. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.
10. **Workers' Compensation and Employer's Liability** insurance are not required for single-person contractors. However, under state law the minimum coverages (or a copy of the state's Consent to Self-Insure) must be provided if you have any employees at any time during the period of the contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement that can be obtained from Risk Management.

A **Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on City premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the City) any workers' compensation paid to an injured employee of the contractor.
11. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the City.
12. **Surety or Bond** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A Fidelity Bond may be required to handle City funds or securities, and under certain other conditions. Specialty coverage may be needed for certain operations as outlined in the ITB.
