I. BACKGROUND

Hampton, Virginia

Hampton is an independent city located in Virginia. It is on the southern end of the Virginia Peninsula, bordering the Chesapeake Bay. The City has a total area of 136.2 miles; 51.8 miles of it is land and 84.4 miles of it is water, with a total population of 137,436.

The City boasts a strong military and technology presence. Langley Air Force Base is home of the First Fighter Wing, NASA Langley Research Center, where America's first astronauts were trained, is now a major center for aviation research. Large employers include companies such as Alcoa Howmet, Craft Machine Works, Measurement Specialists, Inc., Sprint, and Verizon Communications. The City is also home to multiple medical facilities including Riverside Regional Medical Center, Sentara Healthcare, and the Hampton Veteran's Administration Medical Center. Hampton offers multiple higher education opportunities including Hampton University, Thomas Nelson Community College, Old Dominion University's Peninsula Higher Education Center, and the National Institute of Aerospace. More information about business opportunities and growth in Hampton can be found in the Hampton Community Profile, which may be accessed via the following link:

<http://www.hampton.gov/498/Community-Profile>

The City is served by two airports. The primary airport for the Hampton Roads area is Norfolk International Airport, on the opposite side of Hampton Roads in Norfolk. The region's secondary airport, Newport News/Williamsburg International Airport, is located on the Virginia Peninsula in Newport News.

Hampton is part of a dynamic metropolitan region. Besides Hampton, the region contains four other cities with populations greater than 100,000. Hampton Roads now has a population of more than 1.7 million and is the 37th largest MSA in the nation. Its effective buying power (EBI) according to Sales, Marketing and Management is more than \$20.8 billion.

Demographically, Hampton is in many ways typical of metropolitan America. Within its boundaries it contains an urban core, a ring of older, settled neighborhoods and newer suburban development. Its citizens' age, educational, occupational and socio-economic characteristics by and large reflect the typical American demographic profile. A. Procedure for Consideration of Contractual Claims.

1. Prompt knowledge by the City of an existing or impending claim for damages or other relief may alter the plans, scheduling, or other action of City and /or result in mitigation or elimination of the effects of the claim. Therefore, Contractor shall provide City with written notice of Contractor's intention to file a claim which:
 - i. Describes the act or omission by City or its agents that contractor contends caused the damages or entitles it to other relief; and
 - ii. Provides a description of the nature and amount of the claim.
2. Contractor's written statement providing notice of the claim shall be submitted to city within twenty (20) days of the time of the occurrence or beginning of the work upon which the claim is based; provided, however, if such damage is deemed certain in the opinion of Contractor to result from its acting on an order from City, it shall immediately take written exception to the order. For purposes of this section, "claim" shall include, without limitation, any request for an increase in the Contract price or time and any request for equitable adjustment.
3. Submission of a notice of claim in compliance with the requirements described above shall be mandatory, and failure to submit a claim notice that complies with the requirements above shall be a conclusive waiver to such claim for damages or other relief by Contractor. Oral notice and untimely notice will be insufficient to satisfy the requirements stated in this section.
4. The City will review the claim and provide Contractor with a written decision thirty (30) days after its receipt of the claim. Contractor may not institute legal action prior to receiving the final decision of the City.

B. Final Decision. The final decision of the City shall be considered final and conclusive unless Contractor appeals the decision within three (3) months of the final decision or the due date of the final decision by instituting legal action.

C. No Cessation of Performance. Nothing in this section shall be construed to authorize or permit the Contractor to cease performance of the Contract while utilizing the dispute resolution procedures outlined in this section or any other dispute resolution procedures available to Contractor. Pendency of claims shall not delay payment of amounts agreed due in final payment.

V. **Breach of Contract.** Contractor shall be deemed in breach of the Contract if the Contractor:

- A. Fails to Comply with any terms or conditions of the Contract;
- B. Fails to cure such noncompliance within ten (10) calendar days from the date of the City's written notice or such other time frame specified by the City Contract Administrator in the notice; or
- C. Fails to submit a written response to the City's notification of noncompliance within ten (10) calendar days after the date of the City notice.

VI. Notice of Defect. In the event of a defect or impropriety in an invoice or in the goods or services provided to City by Contractor or a subcontractor, City shall notify the Contractor of the defect or impropriety if the defect or impropriety would prevent payment by the payment date. The notice shall be sent by the City fifteen (15) days after receipt of the improper invoice or defective goods or services.

VII. Non-Performance.

- A. Failure to Deliver.** The City reserves the right to procure goods and/or services to be provided under the Contract from other sources in the event Contractor fails to deliver such goods and/or service deliverables in accordance with delivery dates and time frames set forth in the Contract.
- B. Unacceptable Deliveries or Performance (Rejections).** Upon notification by the City that goods and/or service deliverables provided by the Contractor under the Contract are damaged and/or not of the quality specified by the City, such goods and/or service deliverables will be rejected. Upon such notification, Contractor shall:
 - 1. Replace such rejected goods and/or service deliverables immediately or within a reasonable time as determined by the City.
 - 2. Remove all rejected materials, equipment or supplies from the premises of the City within ten (10) days of notification. Rejected goods and/or service deliverables not removed from the City's premises within ten (10) days will be regarded as abandoned, shall become the property of the City, and the City shall have the right to dispose of such items.
- C. Alternative Goods and Services.** In the case of default by Contractor for failure to deliver or perform in accordance with the Contract specification or terms and conditions, the City may procure goods or services from other sources and hold Contractor liable for reasonable costs of completion directly attributable to Contractor's failure to perform. Contractor's liability shall include, but not be limited to:
 - 1. Damages and other delay costs, to include costs to procure goods/services from alternate suppliers.
 - 2. Increased cost of performance, such as extended overhead and increased performance costs resulting from performance delays caused by Contractor and/or rejections of Contractor's goods and/or service deliverables.
 - 3. Warranty and rework costs, liability to third party, excess costs, attorney's fees and related costs incurred by the City due to non-responsive performance of Contractor.

VIII. Termination of Contract.

A. Without Cause.

- 1. The City may at any time, and for any reason, terminate the Contract by written notice to Contractor specifying the termination date, which shall be not less than fifteen (15) days from the date such notice is mailed. Notice shall be given to Contractor by certified mail/return receipt requested at the address set forth in Article I of the Contract.
- 2. In the event of such termination, Contractor shall be paid the work satisfactorily completed or partially completed, and accepted by the City, at the time of termination.

3. Upon receiving the notice of termination, Contractor shall withdraw its personnel and equipment, if any, cease performance of any further work under the Contract, and turn over to the City any work completed or in process for which City has paid.

B. With Cause.

1. In the event that Contractor breaches any term of the Contract, the City may provide written notice of such breach to Contractor by certified mail/return receipt requested at the address set forth in Contractor's Bid or in Section 1 of the Contract.
2. Unless otherwise provided, Contractor shall have ten (10) days from the date such notice is mailed to cure the breach. Upon failure of Contractor to cure the breach, the City may immediately terminate the Contract as of the mailing date of the breach notice.
3. Upon termination, Contractor shall withdraw its personnel and equipment, if any, cease performance of any further work under the Contract, and turn over to the City any completed or partially completed work for which the City has paid.
4. In the event of violations of law, safety, or health standards and regulations, the Contract may be immediately cancelled and terminated by the City and provisions herein with respect to opportunity to cure default shall not be applicable.

C. Non-Appropriation.

1. It is understood and agreed between the Parties hereto that the City shall be bound and obligated hereunder only to the extent that the funds shall have been appropriated and budgeted for the purpose of the Contract.
2. In the event funds are not appropriated and budgeted in any fiscal year for payments due under the Contract, the City shall notify Contractor of such occurrence in writing within thirty (30) days of non-appropriation, and the Contract shall terminate on the last day of the fiscal year for which (an) appropriation(s) (was) were received without penalty or expense to the City of any kind whatsoever.

IX. Audit/Ownership of Documents/Freedom of Information Act.

- A. Audit.** The City shall have the right to audit all books and records (in whatever form they may be kept, whether written, electronic or other) relating or pertaining to the Contract (including any and all documents and other materials, in whatever form they may be kept, which support or underlie those books and records), kept by or under the control of Contractor, including, but not limited to those kept by Contractor, its employees, agents, assigns, successors and subcontractors. Contractor shall maintain such books and records, together with such supporting or underlying documents and materials, for the duration of the Contract and for at least three (3) years following the completion of the Contract, including any and all renewals thereof. The books and records, together with the supporting or underlying documents and materials shall be made available, upon request, to the City's employees, agents, representatives, Contractors or other designees, during normal business hours at Contractor's office or place of business in Hampton Virginia. In the event that no such location is available, then the books and records, together with the supporting or underlying documents and records, shall be made available for audit at a time and location in Hampton chosen by the City.
- B. Ownership by City.** Ownership of all materials and documentation including the original drawings and the Plans and Specifications and copies of any calculations and analysis prepared pursuant to the Contract, shall belong exclusively to the City. Such materials and documentation, whether completed or not, shall be the property of the City whether the Work for which they are made is executed or not. The Contractor shall not use these materials on any other work or release any information about these materials without the express written consent of the City.

- C. Proprietary Information/Non-Disclosure.** Contractor is advised that the Virginia Public Procurement Act (Section 2.2-4342, Code of Virginia, 1950 as amended) shall govern public inspection of all documents submitted by Contractor. Contractor may invoke the protections of §2.2-4342 of the Code of Virginia to protect trade secrets, proprietary information, and other confidential information provided by the Contractor:

 2. Provide a statement that identifies the data or other materials to be protected and that states the reasons why protection is necessary.
 3. Submit proprietary or security information under separate cover in a sealed envelope clearly marked “PROPRIETARY”.
 4. An all-inclusive statement that the entire bid is proprietary is unacceptable. A statement that Contractor’s costs and/or bid pricing are to be protected is unacceptable. Contractor will be requested to remove any such statement(s) in order to be eligible for further consideration.
- D.** The City reserves the right to submit such information to the City Attorney for concurrence of the Contractor’s claim that it is in fact proprietary. Information submitted that does not meet the above requirements will be considered public information in accordance with the VFOIA.

X. Modification. The Contract may only be modified in a writing executed by authorized representatives of the City and the Contractor.

XI. Tax Exemption. The City is exempt from federal excise tax and from all State and local taxes. Contractor shall not include such taxes in any invoices under the Contract. The City's exemption from taxation does not transfer to Contractor for Contractor's purchases for supplies or services required to complete the Contract.

XII. Miscellaneous.

- A. Non-Assignment.** Contractor shall not assign its rights and duties under the Contract without the prior written consent of the City.
- B. Applicable Law.** The Contract shall be deemed to be a Virginia contract and shall be governed as to all matters, whether of validity, interpretations, obligations, performance, or otherwise, exclusively by the laws of the Commonwealth of Virginia. - F. Non-Exclusivity.** The City reserve the right to procure goods or services covered under the Contract from a third party when, in the City’s sole discretion, it is deemed to be in the City’s best interest.

Attachment B – Insurance Requirements

CITY OF HAMPTON, VIRGINIA INSTRUCTIONS AND INFORMATION FOR COMPLYING WITH CITY INSURANCE REQUIREMENTS

This information is to assist the Contractor with understanding the insurance requirements of the City of Hampton (City). Contractors are encouraged to share this information with insurance agents and brokers. **In all cases the ITB requirements override statements in this document section.**

1. **Agreement/Reference.** All evidence of insurance must identify the nature of your business with the City. Clearly show any assigned number of a bid, contract, lease, permit etc. or give the project name and the job site or street address to ensure that your insurance is properly assigned to the correct project. **It is important that you provide the types of coverage and minimum dollar amounts specified in the ITB document.** Failure to provide the requested amounts may lead to disqualification and increase processing time.
2. **When to Submit.** Normally no work may begin until the certificate of insurance (COI) with proper endorsement has been received. It is important that the certificate and endorsement be provided as early as practicable. For “As-needed” contracts, insurance need not be submitted until a specific job has been awarded. Design Professionals coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.
3. **Acceptable Evidence and Approval.** Proof of insurance is normally provided on an industry form known as the ACORD Certificate of Insurance. Insurance industry certificates other than the ACORD may be accepted after review. In addition to the ACORD form, an Insured Endorsement naming the City as an additional insured that has been completed by your insurance company or its designee must be attached to the COI. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the City is an automatic or blanket additional insured and the substantiating endorsement must be attached. Attaching the section of the insurance policy covering contractual additional insureds may be used until the actual endorsement is received.

All evidence of insurance must be authorized for the insurance provider by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.

Acceptable alternatives to **ACORD Certificates and other Insurance Certificates:**

- A. A copy of the **full insurance policy**
- B. **Binders and Cover Notes** are also acceptable as interim evidence for up to 90 days from date of approval
- C. **Self-Insured** contractors or vendors must submit for review to the Risk Manager documentation of its financial ability to self-insure for each coverage required. (see paragraph 6 below)

Additional Insured Endorsements **DO NOT** apply to the following:

- A. Indication of compliance with statute, such as Workers’ Compensation Law
- B. Professional Liability insurance

4. **Renewal.** Upon renewal of any insurance policy, it is the responsibility of the contractor to provide the updated ACORD Certificate of Insurance or other acceptable documentation to the City. If your policy number changes you must also submit a new Additional Insured Endorsement with an Insurance Industry Certificate.
5. **Cancellation.** The contractor/vendor must inform the City thirty (30) days before insurance is cancelled or not renewed. The requirement for the insurance company to inform the additional insureds is not enforceable. Failure to inform must be considered a substantive violation of the contract and could result in the contract being cancelled.

6. **Alternative Programs/Self-Insurance.** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the City Risk Manager has reviewed the relevant documents. Any contractor or vendor that wishes to satisfy insurance requirements as a self-insured party must receive permission from the Risk Manager by submitting a request to the Risk Management Department.
7. **General Liability.** General liability insurance covering your operations (and products, where applicable) is required whenever the City is at risk of:
 - A. **Third party claims** which may arise out of your work or your presence or special event on City premises.
 - B. **Sexual misconduct claims coverage** is a required coverage when the work performed involves minors.
 - C. **Fire legal liability** insurance is required for persons occupying a portion of City premises.
8. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your contract or when they are driven off-road on City premises. It is not required for simple commuting unless the City is paying mileage. However, compliance with Virginia law requiring automobile liability insurance is a contractual requirement.
9. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.
10. **Workers' Compensation and Employer's Liability** insurance are not required for single-person contractors. However, under state law the minimum coverages (or a copy of the state's Consent to Self-Insure) must be provided if you have any employees at any time during the period of the contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement that can be obtained from Risk Management.

A **Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on City premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the City) any workers' compensation paid to an injured employee of the contractor.
11. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the City.
12. **Surety or Bond** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A Fidelity Bond may be required to handle City funds or securities, and under certain other conditions. Specialty coverage may be needed for certain operations as outlined in the ITB.

Required Contracts	Required in All Construction Contracts (as defined in 41 C.F.R. § 60-1.3)

During the performance of this contract, the Contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
2. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
3. The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

4. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
6. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
7. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
8. The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Vendors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.
