I. PURPOSE:

The purpose of this policy is to set forth the Hampton Police Division's philosophy on strategic objectives in the delivery of police services.

II. POLICY:

A. The strategic plan of the Hampton Police Division is primarily concerned with:

1. Crime prevention and/or reduction
2. Crime suppression investigation of crimes and apprehension of offenders
3. Movement and control of traffic
4. Maintenance of public order
5. Public and emergency services

B. The activities of all Branches, Units and Squads are to be directed toward the fulfillment of these objectives. This direction should be accomplished within the legal, ethical and moral framework of the City and citizens which we serve.

III. PHILOSOPHY:

A. Through the Division's community policing activities we will be proactive in working to enhance the quality of life by improving neighborhood safety, fostering a better understanding of cultural diversity, and promoting a responsive and flexible approach to quality of life issues. We continually strive to increase the level of service, satisfaction and knowledge of employees, residents and businesses by utilizing community-oriented policing strategies to their maximum potential. We are committed to strengthening our partnerships with the community through continuous communication, interaction and education in an effort to assure customer delight and create quality in everything we do.

B. These concepts should be considered flexible and dynamic. Furthermore, the Division shall continually seek new and better ways of serving the public through innovative techniques.

APPROVED:
CHIEF OF POLICE
